RIDLEY

Windows & Doors Inc.

With a deep appreciation for quality and performance Ridley Windows & Doors is the perfect solution for residential, commercial and historical projects.

RIDLEY WINDOWS & DOORS, IN ASSOCIATION WITH KOLBE, ARE PROUD TO INTRODUCE THE VISTALUXE™ COLLECTION

Create an opening that complements your design with the **VistaLuxe™ Collection** from Kolbe. Collaboratively developed with architects for contemporary designs that utilize clean lines and multiple units to create large expanses of glass, the **VistaLuxe™ Collection** allows you to create an opening as unique as your project. An extruded aluminum exterior provides low-maintenance durability, while a wood interior proves modern design can be warm and efficient.

The VistaLuxe Collection offers:

- Consistent profiles between multiple window and door types
- Precise vertical and horizontal alignment on both the interior and the exterior
- Glass that remains on the same plane across different products
- A reduced visible frame for an increased viewing area

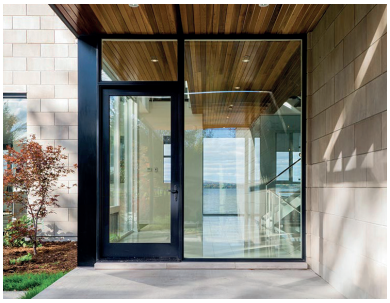
Appealing to design-savvy homeowners, the **VistaLuxe™ Collection** gives architects the flexibility to harmoniously combine multiple units into unique, compatible configurations, while maintaining symmetry and sight lines. **VistaLuxe™ Collection** windows and doors are designed to be mulled together, combining function and style while maintaining a sleek aesthetic. An industry-leading frame-to-daylight-opening ratio lets the view take center stage through these sleek, sophisticated windows and doors.

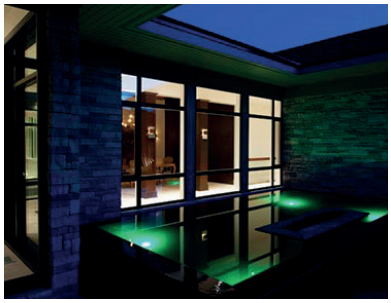
RIDLEY

Windows & Doors Inc.

With a deep appreciation for quality and performance Ridley Windows & Doors is the perfect solution for residential, commercial and historical projects.

Kolbe is well-known for our custom capabilities and for our collaboration with many architects to build unique windows and doors. So, whether you're envisioning **VistaLuxe™** windows or doors in a special wood species, looking to create a custom color, or planning an unusual configuration, we will work with you to find the perfect solution for your needs.





VistaLuxe™ Collection windows and doors were developed in collaboration with architects who specialize in contemporary projects. As a result, this collection meets the aesthetic of clean lines and multiple units with large expanses of glass, while offering a warm, organic wood interior. The direct set is at the heart of this collection, with casements, awnings and entrance doors made to match.

Contemporary, Efficient

- Industry-leading frame-to-daylight opening ratio due to narrower frames & sash
- Consistent profiles & precise horizontal & vertical alignment
- Frame corners are mitered for consistency across products
- Square profile interior sticking creates sleek lines
- Wood interior provides warmth & energy efficiency
- Integrated vinyl nailing fin (head drip caps available)
- Integral accessory grooves
- Galvanized steel installation clips, steel stiffeners & matching mull covers available

Multiple Exterior Style Choices

- Flush Style - frame & sash on same plane, glass on same plane across products; double or triple pane glass available
- Accent Style - sash recessed from frame, glass on same plane across products; double pane glass
- Accent Plus Style - looks like Accent; triple pane glass
